- Superior performance powers multiple HD streaming
- Freely access your own personal cloud from anywhere with Polkast support
- Easy configuration through mobile devices
- USB 3.0 port provides fast backup from USB devices
- All-in-one backup solution protecting valuable user data
- Dropbox support offers remote backup and downloading everywhere
- Advanced green NSA with Wake-on-LAN, power scheduling and hard disk hibernation for energy saving

NSA325
2-Bay Power Plus
Media Server

Superior Media Server Brings HD Multimedia Enjoyment Everywhere

Make NSA325 2-Bay Power Plus Media Server more than just a central home media library. You can freely access, share and enjoy digital media contents through your smartphones and tablets with the Polkast App, no matter where you are!

Benefits

Superior performance
Powered by a 1.6 GHz CPU and 512 MB memory, the ZyXEL NSA325 2-Bay Power Plus Media Server provides better multimedia streaming speed and sharing functions simultaneously to different UPnP- and DLNA-certified devices such as Microsoft Xbox 360, Sony PlayStation 3 or DLNA TV in every room at home.

Acting as an iTunes server, SqueezeCenter, personal blog and photo album server, the NSA325 makes it easy to stream and share multimedia contents on PCs, laptops and SqueezeBoxes.

Access, share and enjoy it everywhere!
The ZyXEL Media Server is more than just a central home media library. With the latest Personal Cloud feature of NSA325, you can freely access, share and enjoy digital media contents no matter where you are. Just start the Polkast App on your smartphone or tablet, then you can easily access your NSA325 and immediately find the files you'd like, or share photos, music and videos with your friends or family members. How about sharing beautiful scenes from a trip with your beloved ones when you are still on the road? Just send the pictures or videos to your NSA325 through Polkast, and they will see exactly the same scenes as you do on Facebook, YouTube or Flickr in seconds!
